

# The Chase Challenge

*Experience the Chase Difference!*

As a plastics manufacturer, you're faced with the monumental challenge of maintaining acceptable profit margins in a price-driven market. Meeting this challenge without sacrificing quality is going to take a powerful partner. In this business, a lot of people talk a good game, but don't deliver the goods.

**CHASE PLASTICS IS DIFFERENT. WE DELIVER.**

**AND WE'RE READY TO PROVE IT.**

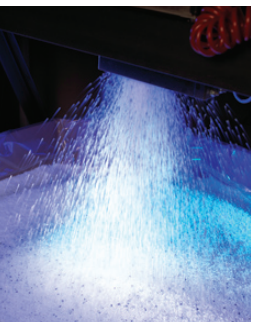

## TAKE THE CHASE CHALLENGE

Give your Chase account manager two opportunities to provide cost-effective solutions from our broad offering of high-quality Chase products. We promise to come back with a high-quality, cost-saving solution that improves your bottom line quickly – no wasted time, no wasted money.

### AT CHASE, WE'RE RESHAPING PLASTICS DISTRIBUTION ... FROM THE BOTTOM LINE UP.

Money-saving ideas are just the start. You'll also receive outrageous customer service and proven technical support. When you talk to Chase Plastics, you talk to a team that has your success in mind. We understand the marketplace and we make it our business to fully understand your needs. Then, we provide you with the products and services you demand to compete successfully.
